Professional Summary

3rd-year B.Tech Information Technology student with a strong interest in **UI/UX Design, Web Development, and emerging technologies**. Skilled in creating user-friendly digital experiences, applying problem-solving and algorithmic approaches, and building practical projects. Eager to learn new tools and contribute to impactful solutions.

Education

B.Tech Information Technology Sengunthar Engineering College, Erode (Anna University) 2024 – 2028 CGPA: 8.2

Higher Secondary (12th) – Government Model Higher Secondary School | 84.5%
Secondary School (10th) – Government High School | 82.4%

Area of Interest

- UI/UX Design
- Web Development
- Problem Solving & Algorithms

Technical Skills

- HTML & CSS
- Java (Basic)
- Web Design
- UI/UX Design
- Problem Solving

Soft Skills

- Communication
- Teamwork
- Time Management
- Problem Solving

Internship

UI/UX Design and Web Development Internship

- Gained exposure to designing user-friendly interfaces.
- Assisted in web page development and implementation.

Projects

Job Selection Using Greedy Algorithm

- Implemented a job scheduling/selection problem using the Greedy Algorithm.

- Selected jobs based on criteria such as deadlines and profit.
- Achieved an efficient solution to maximize results.

PharmaTrack+ – AI-Based Medical Inventory Management System

- Designed a system for pharmaceutical inventory management.
- Used historical sales data for demand forecasting and expiry risk prediction.
- Implemented low-stock alerts to reduce medicine wastage and stock issues.

Certifications

- NPTEL – Cloud Computing
- HP LIFE – Design Thinking
- Alison – Introduction to Java

Achievements & Activities

- Participated in a technical event at another college.
- Participated in Webathon.
